Our futures are black and white. High school is the crayon to our coloring book. High school has taught us that we can be anything we want to be, as long as we make the right choices. So choose your colors wisely, and try to stay inside the lines.

## Fun in the Sun

Let's see, how does that very old Beach Boys song go again? Well, nevermind, because Highland students seem to know exactly how to take advantage of a gorgeous, warm summer day. When the school year begins to wind down, it's very easy to get excited as temperatures begin to soar and the sun shines brightly in a cloudless sky.

"It's definitely the best time of the year," senior Michael Becerra said. "You can hang out with your friends and do fun things like, play sports, going out to eat, and just goofing around."

Some other popular places are the beaches on Lake Michigan, the park, and the baseball or softball fields. The summer months are definitely a special time.

## Playing Dress Up

During the week of Homecoming, students at Highland High School celebrated by participating in the Spirit Week events. Monday was White Out Day, Tuesday was Flashback Day, Wednesday was Celebrity Look-alike Day, and Thursday was Super Fan Day. Many students chose to take part in the week's activities, selecting creative costumes to mark the occasion.

Super Fan Day on Thursday was meaningful because it gave students an opportunity to show off their school colors and to support the varsity football team and all of the sports teams at the Homecoming Pep Rally in the gymnasium. Students cheered and chanted, the band played, and the cheerleaders and dance team performed. It seemed to be a fitting end to a joyful week.

## Journey of a Lifetime

The adventure that is "Expedition America" began with a small, but hearty group of 16 students and teachers from Highland High School. It was the third consecutive year for the class where students must first receive approval from faculty members to make list of possible candidates for the honor of being selected for the class.

Once accepted, students prepare for the "trip of a lifetime" by utilizing a couple of weeks during the summer to learn extensively about where they will be going. Next, the class – guided by teacher Mr. Robert Blumenthal – traveled to their destination and hiked through Vermont and parts of the East coast. Students saw such fantastic places as the Boston Harbor, the site of the Battle of Lexington, and much, much more.

## Homecoming Game

The outcome of the football game – whether it be the Homecoming game or any other during the course of the season – did very little to deter the excitement and enthusiasm of Highland fans and students. The Trojans' cheering block in the stands was full and loud as the football team battled Griffith on a cold, rain-soaked field.

Highland did its very best, but it wasn't nearly enough against the always-tough Panthers. Griffith emerged with a 35-0 victory. Nevertheless, Highland fans cheered with vigor until the very end. At halftime, though, all of the attention was drawn to the announcement of the King and Queen. Seniors Russell Davis and Kayla Lindsey were crowned Homecoming royalty.

## Celebration

The Homecoming dance seemed to be a fitting end to a week of spirit activities at Highland High School. Students put aside their cares and worries and celebrated the moment, and many did so on the dance floor and by spending time with friends.

King Russell Davis and Queen Kayla Lindsey, who were crowned during halftime of the Homecoming football game the night before, shared the spotlight again at the dance with the rest of the Court members.

The celebration of what was the Homecoming dance will be a memory that few students will ever forget.

## Friends Forever

Let's face it. If we didn't have friends, then everybody would be our enemy, and that would make life, well, pretty interesting. Still, the fact that we seek out friendships in high school is undoubtedly more safe and desirable.

When things in school are going bad, you always have your best friend to turn to. Whether it's talking to you're best friend in the hall or holding hands with that special someone, you'll always have somebody to turn to with your troubles.

## We Are Family

From freshmen to seniors, Highland High School has a strong family bind. Junior Becca Moles (whose sister is senior Brittini Moles) says, "Going to school with my sister has made it easier for me because she can tell what classes are easy and which teachers are nice."

Brothers and sisters and twins and triplets all roam the halls of Highland High. Having and brother or sister at the same school can sometimes be annoying, but it is worth it all at the end of the day when you have your little sibling carry all your books.

## Blast From The Past

It is often said that your high school years are supposed to be the best years of your life, and that might be true, but the years when you're a child seem, well, just a little bit better. Those things which seem so important now didn't matter a bit when you were a child. It didn't matter how you wore your hair or what kind of clothes you wore or how much money you had. The only thing that mattered was having fun. High school seems to change everyone – your looks, your style, and even your childhood friends. But without our memories from the past, we wouldn't be who we are today.

## Stepping Out

Students at Highland High School discover many great things about being in school. But after all of the studying and book work is completed, and that final bell rings, students leave and do different enriching activities. Some go to work, some go to sporting events, and some just hang out with friends. Needless to say, the best memories are made when students can just be "Out and About" with friends.

Whether playing an instrument, fishing, or just goofing around, it's all a blast, and let's face it, that's what students really want, isn't it?

## Lost in Paradise

Friday, January 15th, 2010 was an enjoyable night for many Highland High School students. The Turnabout dance, themed "Paradise", took place at Villa Cesare. It was a time for the students to let go of all of their worries from the previous week which was filled with final exams. Now that the semester is over, a new beginning was celebrated.

Seniors Mari Angotti and Michael Dempsey were crowned King and Queen. Seniors felt different at Turnabout this year, knowing that this was their last winter formal and their last semester of high school was about to begin.

The celebration of Turnabout is tremendous in the lives of many students. People like to go out to eat after the dance to places like House of Kobe, Olive Garden, and TGI Friday's. Afterward, no doubt, students were already looking ahead to Prom in May and trying to save for it as well.

## Dance the Night Away

Many students hope Highland enjoyed the 1940's-themed Prom that was Highland's Prom event.

## A Night on the Town

On the evening of Saturday, May 15, 2010, Highland students, along with some dates from elsewhere, enjoyed a 40s-themed Prom dance that gave them a night to let loose just a few short weeks before final exams, and before our seniors would go on to graduate high school. As the very last formal dance for Highland seniors, Prom gave the students many moments to remember.

Juniors Jessica Sinclair and Nikko Berrios were crowned King and Queen by former King and Queen, Nina Kepler and Evan Jameyfield. However, all students felt like royalty as they were dressed up and ready to hit the dance floor. Many rented limos and party buses for the night, which only lends to the rare feelings of royalty amongst them.

And that wouldn't be a mistake,  
Then we'd pray the Lord our  
souls to take.

You've grown your wings and  
you've flown away

## JJ Golub

But now in a better place is  
where you will stay  
We all know you look down  
on us every day.

At Highland High School, the students who are accepted into its honor societies are a goal-oriented and an out-going select group. If your grades and character are among the elite, the experiences of being a member can be uplifting. From foreign languages to art, there are honor societies and clubs that meet your interests. Each society is involved, too, in various activities to help students learn, for example, about different cultures. Additionally, members participate in several community service activities.

# Time for Change

There was a sense of real change surrounding the Highland varsity football team this season with the addition of longtime coach Mr. Ken Bye. Admittedly, the Trojans had struggled mightily for several years, but this season, although the losses were still plentiful, the program began to make strides toward becoming more competitive.

The highlight of the season came in the second game of the season when Highland snapped a long winless streak by defeating Hammond High, 15-13. The win ended a regular-season losing streak of 23 games and was the program's first victory since the 2007 season. The game ended on a last-second touchdown and Highland fans rushed the field to celebrate. The hope is that these type of celebrations will soon become more and more frequent as the team continues to improve.

## On Top of the Polls

The Highland varsity girls' soccer team was regarded as one of the area's best, and from match to match, they proved it. The Trojans finished with an 11-4-1 record, but when the season ended, it ended abruptly and with heartache. Highland was defeated in the sectional championship by Munster, 2-0, leaving many to wonder what could have been. Earlier in the season, it was a different story, with Highland beating Munster.

Still, the season, although ending much too early, was one to rejoice and recall fondly.

# Making Moves

The Highland varsity boys' soccer can take pride in the fact that it reached the sectional championship, but, ultimately, the team's demise came against rival Munster in the finale. The Trojans were defeated by Munster 2-0, which, ironically, was the same score and outcome during the regular season.

Highland finished the year with a 7-8-2 record, which placed them in a tie for third in the Northwest Crossroads Conference with a 3-2 mark. The team was led predominately by ten seniors, including such players as Tariq Suboh, Pablo Baldetti, Alvaro Davalos, and Chris Postulka.

With a nice mix of players returning next season, Highland hopes to make a move and strive for even more improvement.

## Meeting at the Net

The Highland varsity volleyball team finished with a 17-15 record, falling in the sectional championship to rival Munster. The Trojans, as their record would suggest, experienced a lack of consistency for much of the season. There were moments when it appeared that Highland was putting it together, but then a setback would occur and the team would fall back into mediocrity.

But overall, Highland performed admirably. With only four seniors, five juniors, and one sophomore, the Trojans battled against teams with more experience and, judging by the team's improvement, they demonstrated that even brighter days are on the horizon.

The Highland varsity girls' golf team has been on the rise for the last few years, but this season's team made the greatest overall improvement, finishing with an 8-5 match record and a second-place finish in the conference championships.

# Chasing Pavements

The Highland varsity boys' cross country team hoped to achieve great things this season. With a young squad that included just four seniors, it may have been easy to underestimate the team's potential. But, in the end, Highland proved to be one of the stronger teams in the area led by state-qualifier Allan Appiah and Jake Baranowski.

The girls' team, meanwhile, had to overcome some hefty obstacles on their journey through the season. With just two seniors, the Trojans were hurt by inexperience and by numerous injuries. Still, the girls gave it their best.

The Highland cheerleaders competed in the Midwest Winter Cheer Classic in Munster. Along with tons of practice, the team achieved their goal and placed first in their division. But before the actual competition, the team had to practice, practice, and then there was, of course, more practice. But it was worth it as many of the girls on the team would acknowledge. But along the way, too, there were many injuries, making it a very difficult year. Despite the difficulty, wins and losses, the girls were never afraid to get back on the court and show spirit for their team.

## Learning to Win

It may seem that the Highland varsity girls' basketball team had a lot of things working against it this season. New coach. Young and inexperienced players. Injuries. The list could go on and on. The Lady Trojans, as expected, started slowly, winning just one of their first nine games. But as the season wore on, there were more wins and the losses were not as tragic. These are all good signs for next season.

With long hours of practicing and a lot to achieve, the Highland Sapphires had a very successful season. The girls competed at the Munster Winter Classic in January and placed first in the Poms division and fourth in Jazz. After having a successful performance, they traveled to another district competition at Lake Central where they advanced to regionals, and then, ultimately state. The Sapphires have shown that with a lot of hard work and practice, great things can be accomplished.

## It's all about Preparation

It's often said that champions are made during the off season. All of those practices and meets early in the season are just a precursor for the more important competitions near the end of the year. The Highland wrestling team certainly came on strong when it counted most. Several wrestlers did very well to help Highland place third at the sectional meet. Meanwhile, junior Danny Rodriguez, (34-10 record) in the 112-pound weight class, and Eric Johnson, (34-13) in the 171-pound weight class, both advanced to state. Many of the same wrestlers return next season which should make Highland a formidable team in the area.

## On Your Mark, Get Set, GO!

Being a swimmer takes a lot of practice and hard work. It's not like any other sport. As a swimmer you have to have a lot of skill, talent, and it requires plenty of dedication to practice each day. But to these girls, it's all worth it. It doesn't matter that the practices are long and difficult. The only thing that matters is that they are doing something they love.

Advancing to state as an individual was sophomore Lindsey Stockton, who finished 5th in the 100-yard breaststroke at the sectional meet.

## Rippling Effect

In order to be a Highland swimmer, a student has to have dedication and lots of it to wake up for morning practice, go to school, and then come to another practice right after school. Now do this for the entire season. Sound tough? Well, it is! Evidently, all of the team's hard work paid off in the end and there were many rewarding moments during the season. Comparing this season to last year, the Highland varsity girls' track and field team had immeasurable success. Last year the Trojans didn't defeat a conference opponent, but this year the girls finished third at the conference meet.

The season was also a record-breaking year for junior Alexis Jordan (discus) and for freshman Airrica Harper (100-meters).

Summarily, the team did a great job. They proved to be one of the top teams, not just in the conference, but in the area. If the team continues to improve, they will be deserving of even more notoriety.

The Highland varsity boys' track and field team perhaps reached its peak at its own Highland Invitational. The meet is always laden with talent, but it was Highland's track and field athletes who earned the top prize. Certainly, there are bigger and more important meets during the season and especially at the end, but winning your own invitational is very special.

Additionally, the Trojans finished 3rd at the Munster and Calumet Invites, and culminated the season with a fifth-place finish in the conference championships.

## Generating Excitement

The Highland varsity softball team won nine of its first 10 games and it was a "Party in the U.S.A.!" But a difficult stretch of games and several "reality check" setbacks seemed to befuddle the Trojans a bit.

Still, the team created a lot of excitement with a number of star players, notably senior pitcher Megan O'Day, who helped the team to a 16-8 record.

Unfortunately, the season came to an end in the first round of the sectional. Highland was eliminated, 5-0, against Munster. There is hope that the defeat, and others like it, will motivate the Trojans to improve even more next season.

## Emerging Talent

In most games, when the Highland varsity baseball team took the field, they took care of business.

The Trojans, coming off a successful season last year, stepped it up another notch this year and compiled a 20-11 record. Many of the games were over early and ultimately turned into blowout wins. However, one of the season's most dramatic wins came against perennial conference power Andean, 6-5, on a Keith Mahler homer.

An outstanding core of seniors provided the leadership the Trojans needed heading into the tournament. However, disappointment reared its head and the season was cut short in the sectional championship game, a 4-0 setback against Munster in the finale.

## Making History

The Highland varsity girls' tennis team had been very good for several years. But the Trojans reached an entirely different mountaintop this season by virtue of their 4-1 triumph against perennial state-power Munster during the regular season.

It was the first time in school history that Highland had defeated the Mustangs in girls' tennis.

The victory was so uplifting that Highland repeated its performance at the regional, dumping Munster again, 3-2, for the title. With that victory, Highland (24-1) inevitably advanced to the semistate and then to the state finals. The storybook season ended, though, with a 3-2 loss in the state quarterfinals to Terre Haute South. It also marked the end of the prep careers of seniors Sarah Kitchell, Briana Kikalos, and Rachel Lenhart.

The season, to say the very least, was remarkable in every way.

The team's limited schedule also included a 10th-place showing at the competitive Kankakee Valley Invitational.

Several key members of the team will return next season and it should make the team even more competitive.

COLOR MY WORLD

Shield 2010  
highland high school

Volume 51, Shield "Color My World" was designed by Editor Kayla Lindsey, who also worked with Division Editor Lauren Pleasant to design the division sections in the 2010 yearbook. The business advertisements and the senior advertisements were designed by Pleasant. Additionally, Lindsey designed the spreads for the underclass and senior pages.

For the seventh consecutive year, the Shield was an entirely full color yearbook that utilized a variety of blended colors and the most innovative typography.

Spread templates were designed by the Editor Kayla Lindsey using the on-line program eDesign that was provided

by the yearbook printer Herff Jones. All of the photographs in the yearbook, as duly noted, were taken by yearbook staff members, the school photographer Prestige Portraits/Lifetouch, or by special contributors. The layouts were then completed by the students on staff in the journalism computer lab. Ultimately, the completed layouts, according to deadlines, were then submitted on-line to the plant for printing.

Mrs. Julie Glenn was our representative for Herff Jones, P.O. Box 10, 6015 Travis Lane, Mission, KS 66201.

# 1<sup>ST</sup> 100 DAYS

**ONCE INAUGURATED**, President Barack Obama got down to business, signing executive orders banning harsh interrogation techniques of suspected terrorists on his second day in office. The ban was Obama's first step toward closing the prisons at Guantanamo Bay. **ONE WEEK LATER**, the president signed a labor act guaranteeing equal pay for all workers. Regarding the act, Obama explained that he saw the inequality as a family issue, not just a women's issue. **ATTENTION TO THE ECONOMY** brought the \$787 billion economic stimulus package in the form of February's American Recovery

and Reinvestment Act, controversial legislation which the administration claimed sparked growth as early as the third quarter.

**A TOTAL TROOP WITHDRAWAL** from Iraq by the end of 2011 was announced on February 27, and just a month later Obama announced a renewed commitment to Afghanistan and plans to send an additional 21,000 new troops there. **LONDON'S G-20 SUMMIT** allowed leaders from nations worldwide, as well as regional groups and international institutions, to strategize ways to revive the global economy and stimulate growth.

**SOMALI PIRATES** hijacked an American ship in the Indian Ocean off the Horn of Africa and took Captain Richard Phillips hostage in April. The ship, the *Maersk Alabama*, was carrying food and other aid supplies for the World Food Program. The five-day ordeal ended when U.S. Navy SEAL snipers killed three pirates, freeing Phillips. **BEA ARTHUR**, two-time Emmy award winner, died of cancer at 86. Probably best known for her *Golden Girls* character Dorothy Zbornak, Arthur began her acting career on Broadway, winning a Tony in the original stage production of *Mame*.

**A 50 TO 1 LONGSHOT** won the 135th Kentucky Derby. Jockey Calvin Borel and Mine That Bird came from behind on a muddy track to win the race by nearly seven lengths. **VOCALIST SUSAN BOYLE** became an overnight sensation on *Britain's Got Talent*. Her performance quickly became one of the most watched videos on YouTube. Despite a second-place finish in the competition, Boyle's first album, *I Dreamed a Dream*, became the biggest-selling album in the world for 2009 in just six weeks. **NORTH CAROLINA'S TARHEELS** beat Michigan State 89-72 in the men's Final Four, avenging a title game loss to Kansas the previous season. With the help of upperclassmen Tyler Hansbrough, Wayne Ellington, Ty Lawson and Danny Green, all of whom opted to return for another year with coach Roy Williams rather than heading to the NBA, the Tarheels cruised to their fifth national title and their second in five years. A unanimous pre-season No. 1, the team was UNC's first since 1982 to start and finish the year in the nation's top spot.

**CONFICKER WORM**, a computer virus that targeted the Microsoft Windows operating system, was estimated to have infected more than 15 million computers. It was believed to be the worst computer virus since the SQL slammer worm in 2003. In February 2009, Microsoft offered a \$250,000 reward for help with finding and arresting the people who created the computer worm.

Nearly 40 unemployed New Yorkers took part in the Unemployment Olympics, a day of fun and games in Manhattan's East Village planned by a recently laid-off computer software worker.

A Journal of Ethology report cited groups of whales gathering in British Columbia, Alaska, Iceland and Antarctica to form "clubs."

## FLUSHOTS

**FLU SHOT CLINICS** were set up in workplaces and schools from coast to coast as the government and the CDC suggested that as many people as possible be vaccinated against the H1N1 virus that led to hundreds of school closings in the spring of 2009. **AN EARLY START** to the flu season meant victims were affected in higher numbers and more extremely than usual, and that the flu's peak activity came in late October and early November rather than March. Until the vaccine arrived, anyone with H1N1's potential respiratory symptoms was encouraged to stay home rather than infecting classmates or

co-workers. **IN OCTOBER**, the vaccine began arriving in both injected and nasal spray forms. Within four months, 97 million H1N1 vaccine doses had been given to 86 million people in the United States. **TRULY PANDEMIC**, the H1N1 influenza infected approximately 57 million Americans or slightly more than 18 percent of the population between April 2009 and February 2010. About 11,690 people died and nearly 260,000 were hospitalized from the viral infection, which was also known as swine flu. **THE THREAT** of an additional outbreak loomed as the annual flu season waned.

# ECONOMIC WOES

**JOB MARKET DETERIORATION** continued, despite some tentative indications that the economy was improving. The federal unemployment rate peaked at 10.1% in October, but the economy continued to shed jobs at the rate of more than 263,000 a month. Data showed a loss of 8.4 million jobs since the recession's start in December 2007. **THE UNDER-EMPLOYMENT RATE** of workers whose hours had been cut or who were working part-time for lack of full-time positions hit 17% — the highest

since they began tracking the category in 1994. **FORECLOSURE FILINGS** in the third quarter hit a record high. Despite government-led and lender-supported relief efforts, nearly a million U.S. homes — 1 in every 136 nationwide — were in foreclosure by October. **FEDERAL RESERVE CHAIRMAN** Ben Bernanke announced September 15 that the recession had "very likely ended" while warning that it may not quickly affect the unemployment rate.

**MTV'S 2009 VIDEO MUSIC AWARDS** were going to be different from the start. In addition to recognizing current work, anticipation of a Michael Jackson tribute ran high. Instead, Kanye West literally stole the show, grabbing the mic during 20-year-old country/pop star Taylor Swift's Best Female Video acceptance speech for a quick rant about Beyoncé Knowles being more deserving. Swift went on to win the Grammy for Album of the Year for her second album, *Fearless*. **ACTOR PATRICK SWAYZE** died at age 57, after suffering from pancreatic cancer for nearly two years. Of his more than 30 movies, he was best-known for his roles as romantic leading men in the films *Dirty Dancing* and *Ghost*. **A GIANT MYLAR BALLOON** took off from a family's yard in northern Colorado, and nationwide panic erupted when it was reported that the six-year-old son might be aboard the 200-foot-long, saucer-shaped helium flyer. A runway at the Denver airport was shut down and search and rescue crews scoured the area below the craft's 50-mile flight path for the child, who was later found hiding in the garage. Subsequent interviews revealed that the event had been planned. The couple was billed for search services and both parents were sentenced to jail time. **THE WORLD'S TALLEST BUILDING**, the Burj Khalifa in Dubai, U.A.E. was completed on October 1 and opened on January 5, 2010. Named after the leader of neighboring oil-rich Abu Dhabi, which contributed billions of dollars to keep Dubai afloat, the building housed a hotel, offices and luxury apartments. At 2,717 feet, the tower with a public observation deck on the 124th floor was the tallest man-made structure ever built. **"BEATLES DAY"** was celebrated worldwide on 09/09/09 when re-mastered versions of The Beatles' albums were released, on the same day the video game *The Beatles: Rock Band* was released. In the major music markets of North America, Japan and the UK, consumers purchased more than 2.25 million copies of re-mastered albums in the first five days of release. In addition, more than half a million Rock Band units sold during the game's first month of release. Incorporating many of the gameplay features of the Rock Band series, the game included 45 songs by the popular British rock group.

The last Yankees' title was in 2000. **THE FIRST STATE DINNER** hosted by President and Mrs. Obama toasted a growing U.S. friendship with India with an evening of regal pageantry on the White House South Lawn on November 24. Visiting Indian Prime Minister Manmohan Singh and his wife Gursharan Kaur were honored guests alongside 300 others. A tradition dating back to 1874, state dinners were the most treasured and formal honor a U.S. president could offer a foreign dignitary, and the most coveted invitation in Washington. Unbeknownst to the Obamas and to the Secret Service, a Virginia couple, Tareq and Michaela Salahi, entered the dinner without an invitation, bypassing all security checkpoints. **SHOOTINGS AT FORT HOOD** killed 13 and injured 30 on November 5. Major Nidal Malik Hasan opened fire on fellow soldiers at the Fort Hood U.S. Army base in Texas; some reports suggested he was unhappy about an upcoming deployment.

**NASCAR'S LONGEST STREAK** of consecutive series championships belonged to Jimmie Johnson, who surpassed Cale Yarborough when he clinched his fourth title in a row, winning seven races in back-to-back seasons. **OPRAH'S PLANS** to retire when her current contract expires were announced nearly two years in advance of her final show. Media mogul/talk show host/philanthropist Oprah Winfrey said she will end her daily talk show in 2011. The show, which attracted more than seven million viewers a day, had been on the air since 1984. **SIGNS OF WATER ON THE MOON** were confirmed without question in November when a satellite intentionally crashed into a crater near the moon's South Pole. Using a two-part satellite, scientists said they created a collision, then measured the debris it created. The discovery was good news for explorers who wanted to set up labs on the lunar surface and to the scientists who hoped that the water, in the form of ancient ice, would reveal information about the history of the solar system.

**HEALTH CARE REFORM** was a priority for President Obama and the Democratic leaders of Congress. In November, they came close to creating a comprehensive system of national health insurance when the House approved an overhaul of the system, 220 votes to 215. **MAX BAUCUS**, Senate Finance Committee chairman, had presented a plan that included many new insurance industry regulations but no government-run health care. The Democrat from Montana believed his bill could bring together Republicans and Democrats for an ambitious overhaul of health care. **TEA PARTY**

**PROTESTS** sprung up from coast to coast, providing a platform for citizens wishing to speak their discontent. While groups of those who felt they could no longer sit still and quietly observe governmental changes that made them uncomfortable took on many traits, the newly empowered activists worked to be visible in many parts of the country. **SENATE VOTES** In November were followed by the Senate's approval of an \$871 billion bill in December. While the two Congressional branches worked to reconcile their bills, it became apparent agreement was not imminent; the debate would continue for months.

# HAITIAN EARTHQUAKE

**DEATH AND DESTRUCTION** were apparent immediately following the temblor which struck near Port-au-Prince, the capital city of Haiti. While fatality estimates topped 200,000, officials conceded that the burial of uncounted corpses would prohibit an exact tally. The quake, which was "felt strongly" in Cuba more than 200 miles away, damaged thousands of homes, including the president's residence. **BUSH/CLINTON HAITI RELIEF FUND**, designed to demonstrate American unity, raised more than \$17 million in under two weeks. In the month following the quake, American

charities sent more than \$790 million in charitable aid. **WYCLEF JEAN, GEORGE CLOONEY & FRIENDS** hosted concerts in New York, Los Angeles and London to raise funds for earthquake victims. Called "Hope for Haiti Now: A Global Benefit for Earthquake Relief," the January 22 concerts included performances by Bruce Springsteen, Madonna, Mary J. Blige, Taylor Swift, Justin Timberlake, Coldplay and Bono. In addition, a remake of the 25-year-old anthem "We Are the World," featuring more than 70 big names representing all genres of music, was recorded to benefit Haitian aid groups.

**JAMES CAMERON'S AVATAR** broke all kinds of records en route to becoming the highest grossing film of all time. Development of the science fiction epic spanned 15 years, partially because Cameron had previously determined that the necessary technology was not yet available to portray his visions for the film. Released for both traditional two-dimension projection and 3-D, *Avatar* was also the first film ever to gross \$2 billion, and it was nominated for nine Academy Awards, including Best Picture and Best Director. **TIGER WOODS** was named the Associated Press Athlete of the Decade in December. Despite a personal scandal that led to an indefinite break from professional golf, he collected nearly as many votes as runners-up Lance Armstrong and Roger Federer combined. Woods won 64 tournaments including 12 majors and earned more than \$81 million during the decade. **A TERRORIST ATTACK** on a December 25 Northwest Airlines flight from Amsterdam to Detroit was thwarted after a student with suspected al-Qaida ties attempted to ignite explosives in flight. **FIFA WORLD CUP SOCCER** tickets went on sale globally, adding more than 1 million new seats to those nearly 700,000 tickets already sold for the June/July soccer matches in South Africa. **CONAN O'BRIEN** left NBC and *The Tonight Show* on January 22, just eight months after he took the reins from Jay Leno. Despite ongoing unsuccessful negotiations with the network, O'Brien planned a busy last week hosting Robin Williams, Barry Manilow, Tom Hanks and Will Ferrell, and he took to the stage playing 70s rock anthem "Free Bird" with the band during the closing credits of his final show. **THE U.S. HEALTH CARE REFORM BILL** passed by the Senate on December 24 was expected to extend insurance coverage to 30 million additional Americans. Following the January 27 State of the Union Address where Obama vowed not to "walk away from" his drive for health insurance reform, additional modifications were made to the White House's proposed health care plan in preparation for a February 25 televised bipartisan health care summit. The six-hour summit was covered on C-SPAN and was the day's news focus.

**SNOW BLANKETED THE NATION**, encompassing all 50 states on February 13 after  
a dusting on the Florida panhandle. Hawaii did not receive new snow, but had a base at the  
peaks of the state's highest volcanoes. Record snowfall affected many parts of the country this  
winter, from the Midwest where 50-year-old records for most days with 4" or more of snow cover  
were smashed by more than five weeks, to the mid-Atlantic states where record snowfalls from  
December to February broke 100-year-old seasonal snowfall records the first week in February.

**BEYONCÉ WON SIX GRAMMYS**, including Song of the Year for "Single Ladies (Put  
a Ring on It)," and became the first woman to win six awards in the same night. Only Michael  
Jackson (1984) and Carlos Santana (2000) had won more awards in a single year. **APPLE'S  
iPAD RELEASED** on January 27 to mixed reviews. The new "digital tablet" brings Apple's  
sleek design and functionality to the masses for an affordable price. Weighing just 1.5 pounds, the  
iPad is lighter than a laptop, but users will be able to browse the web, access email, watch movies,  
read books and more. In addition, Apple created 12 innovative new apps for the iPad, which will  
also run almost all of the more than 140,000 apps available in the App Store. **BRITAIN'S UFO  
FILES**, made public to civilians in January, totalled more than 6,000 pages detailing sightings  
from 1994-2000. The fifth (and largest) release ever was intended to make access available to a  
wider audience. **MOBILE CARRIERS JOIN FORCES** to rival Apple's App Store. AT&T,  
China Mobile, China Unicom, Sprint and Verizon were among the first companies to unite, creating  
a centralized location for apps for a variety of mobile devices possible because of cross-platform  
development. The Wholesale Applications Community will represent more than three billion  
customers worldwide. **OLYMPIC SKIER BODE MILLER** won three more medals at the  
2010 Winter Olympics (super combined gold, Super G silver and downhill bronze) bringing the four-  
time World Champion's record Olympic tally to five. **SUPER BOWL XLIV**, the most-watched  
Super Bowl and the most-viewed program in television history, saw the New Orleans Saints defeat  
Peyton Manning and the Indianapolis Colts, 31-17. The Saints, who became just the fourth team  
ever to win in their first Super Bowl appearance, won with a key defensive play on an interception  
by defensive back Tracy Porter, and a nearly perfect offensive game by QB Drew Brees.

Nearly 2,650 athletes from 82 nations competed in 15 sports and 69 separate medal events. **SPEEDSKATER APOLO ANTON OHNO** added three new medals to his previous five Olympic medals from Salt Lake City and Turin. Ohno broke

Bonnie Blair's record, becoming the most decorated American Winter Olympian ever. **TWO-TIME WORLD CUP CHAMPION LINDSEY VONN** became the first American female to win Olympic downhill gold. Vonn skied all five of her scheduled events with a bruised shin, medaling in two. **SNOWBOARDER SHAUN WHITE** defended his Olympic gold in the halfpipe with a first run so strong he secured his victory. In a celebratory second run, he debuted a Double McTwist 1260 (which he named The Tomahawk). The new trick contributed to a record score of 48.4, increasing his margin of victory by 1.6 points.

**TILIKUM THE ORCA** was not in the pool when SeaWorld Orlando's show, *Believe: The Sensational Shamu Show*, reopened just three days after the six-ton orca attacked and drowned veteran trainer Dawn Brancheau on February 24. The show featured trainers using hand signals to instruct the whales to leap, twirl and wave to or splash the audience. **AN OVERTIME VICTORY** in hockey gave Canada the Olympic gold the host nation craved on the last day of Winter Games. The 3-2 win over Team U.S.A. came 7:40 into the extra period when 22-year-old Sidney Crosby sent goalie Ryan Miller a surprise wrist shot. Miller was the series M.V.P. and Crosby, a native of Nova Scotia, became the youngest ever captain of a Stanley Cup-winning team in 2009, when his Pittsburgh Penguins beat the Detroit Red Wings four games to three. **CANADA'S JOANNIE ROCCHETTE** captured viewers' hearts, competing in women's figure skating after her mother succumbed to a heart attack in Vancouver just days before. The 24-year-old from Quebec took bronze and became one of the most personal stories of the Vancouver Games. Korea's Yu-Na Kim became her country's first-ever Olympic figure skating medalist when she broke the 200-point mark and captured the gold medal. **AN ICEBERG COLLISION WITH ANTARCTICA** dislodged another massive block of ice from the continent in February. The original iceberg, known as B98, measured 60 miles in length and had broken free from Antarctica more than 20 years ago. The new iceberg weighed in at roughly 700 billion tons and, at 48 x 24 miles, contained the equivalent of one fifth of the world's annual total water usage. The two icebergs drifted together off the east coast of Antarctica. **U.S. BOBSLED GOLD** ended a 62-year Olympic drought for America when two-time World Champion Night Train pilot Steve Holcomb with crew Justin Olsen and Steve Mesler and brakeman Curtis Tomasevich dominated action in Whistler. The win meant Germany's Andre Lange, who took gold in the two-man race, failed in his attempt to capture five Olympic golds in as many attempts. **AN 8.8 EARTHQUAKE IN CHILE** on February 27 toppled buildings, left more than 300 dead and caused tsunami evacuations as far away as Hawaii and Japan. While the quake was significantly more powerful than the Haitian temblor that caused massive devastation in January, the damage was minimized by its relatively deep epicenter and strict Chilean building codes that followed massive damage caused by a huge quake in 1960.
